

Best truck, best van & best bus: MAN claims ten of the coveted prizes at the 2020 ETM Awards

Munich, 23/07/2020

Incredible success story: At this year's ETM Awards, MAN Truck & Bus came out on top in ten categories – the most successful return of any manufacturer. From vans and trucks to buses, the entire MAN product family impressed readers, customers and drivers across the board.

MAN Truck & Bus
Dachauer Straße 667
D-80995 Munich

- **MAN eTGE, MAN Lion's City 12 E and MAN eTGM win the three additional categories for electric vans, electric buses and electric trucks**
- **The new Truck Generation is in the fast lane: MAN TGX and MAN TGS come out on top in the long-haul transport, tippers up to 32t and distribution transport starting at 18t categories**
- **Lion's City, Lion's Intercity and Lion's Coach win in the city bus, intercity bus and coach categories respectively**
- **Other award-winners: MAN Service Complete for truck-trailer service and MAN Financial Services for truck leasing/financing**

Together with DEKRA, the commercial vehicle specialist publications *trans aktuell*, *lastauto omnibus* and *FERNFAHRER* went hunting for the best commercial vehicles and the best brands in the commercial vehicle industry again this year. A huge number of readers responded to their call. More than 250 commercial vehicles across 16 categories – from vans through to heavy-duty trucks and intercity buses, were in the running for the “Best Truck”, “Best Van” and “Best Bus” awards at the ETM Awards. “This makes us even prouder that MAN Truck & Bus was able to scoop ten of the coveted ETM Awards. This is an incredible success story!” says Göran Nyberg, Executive Board Member for Sales and Marketing at MAN Truck & Bus, who adds: “The fact that our entire product family was able to win people over shows how

MAN Truck & Bus is one of Europe's leading commercial vehicle manufacturers and transport solution providers, with an annual revenue of some 11 billion euros (2019). The company's product portfolio includes vans, trucks, buses/coaches and diesel and gas engines along with services related to passenger and cargo transport. MAN Truck & Bus is a company of TRATON SE and employs more than 37,000 people worldwide.

positively our brands are perceived and how satisfied our customers and drivers are with our trucks, buses and vans. A success story like this would never have been possible without our team, who worked tirelessly and with great motivation to secure the best possible result.”

MAN wins in all three electric vehicle categories

Awards were also presented for three additional categories covering electric vans, electric buses and electric trucks. And MAN Truck & Bus would not be denied in any of the three categories. The MAN eTGE, MAN Lion's City 12 E and MAN eTGM took first place in their respective categories. “As such, the entire MAN electric fleet won an award. This proves that our highly modern electric vehicles make an outstanding impression,” says Nyberg.

The new Truck Generation makes an impressive entrance

But it was not only the MAN eTGM that made it to the top of the truck rankings. The MAN TGX came out on top in the long-haul transport category, the MAN TGS was the best of the tippers up to 32 tonnes and also scooped first place in the heavy-duty distribution transport category for 18 tonnes and above. All of the victorious trucks are members of the new Truck Generation that MAN Truck & Bus officially unveiled in February of this year. The new Truck Generation is consistently oriented towards the changing requirements of the transportation industry and sets new standards for – among other things – assistance systems, driver orientation, digital networking and sustainability. “The fact that the readers’ choice participants were so impressed by our new trucks goes to show that we took the correct approach when developing the new Truck Generation, and that is highly satisfying. Making our customers’ business operations easier, more efficient and more successful always has been and will continue to be our objective,” emphasises Executive Board Member for Sales and Marketing, Göran Nyberg.

MAN buses are streets ahead

MAN's buses also received rave reviews. MAN Lion's City G with MAN EfficientHybrid came out on top in the city bus category. MAN Lion's Intercity took the intercity bus category and MAN Lion's Coach, the current “Coach of the Year 2020”, took the coach category. MAN Service Complete also took

first place for the truck-trailer service. "With this award, the readers are paying homage to our high level of service and our customer-focussed approach," explains Christoph Huber, CEO of MAN Truck & Bus Deutschland GmbH, who adds: "We are absolutely delighted that our vehicles and our services have been given such great ratings, particularly in our domestic market of Germany. It is all the more meaningful that these ratings are provided by the people who use the vehicles and services every day. We couldn't have hoped for better praise." Even the group's own range of financial services won through in the readers' choice: MAN Financial Services was successful in taking home one of the coveted prizes for the second year running, winning the "truck leasing/financing" category by some distance.

Virtual award ceremony for winners on 23 July 2020

On account of the current situation, the ETM publishing house and DEKRA announced the winners of this year's prestigious ETM Awards in the form of a virtual award ceremony. The stream was broadcast on 23 July 2020 on Facebook, YouTube and eurotransport.de.
