

## **MAN Engines offers 24/7 service hotline for yachts and workboats**

Munich, 01/02/2021

### **Available 24 hours a day, seven days a week; international number; easier access to the service network**

MAN Engines now offers a 24/7 service hotline for marine engines and therefore provides even easier access to its extensive global service network. If servicing is required, owners and operators of yachts and workboats receive immediate assistance with their concern regarding their MAN engine by telephone at the international telephone number +49 911 420 420 or at +1 754 238 6313 for North and South America. Trained employees get in touch with the nearest service outlet as part of their ongoing contact with the customer.

By being available by telephone 24 hours a day all across the world, MAN Engines provides even easier access to its almost 500 service stations to its end customers. MAN Engines therefore provides an extensive service and maintenance network for MAN engines in the field of workboats; this network is also easily available for yachts in all popular locations across the world.

You can find detailed information on the extensive services for MAN yacht and workboat engines at [www.man-engines.com/Yacht-Service\\_EN](http://www.man-engines.com/Yacht-Service_EN) and [www.man-engines.com/Workboat-Service\\_EN](http://www.man-engines.com/Workboat-Service_EN)
